AGH University of Science and Technology in Krakow, Poland

## LEADER OF INNOVATION

AGH UST is a modern technical university that takes active part in building a society based on knowledge and the use of technologies for the benefit of development and economic growth, and the best reputation of the university are its graduates – engineers who develop new technologies.

The university was established in **1913**, and opened in **1919**.

## THE BEST POLISH TECHNICAL UNIVERSITY IN INTERNATIONAL RANKINGS

AGH UST holds top positions among Polish technical universities in a number of prestigious international rankings. In the Academic Ranking of World Universities, also known as the Shanghai Ranking, which presents one thousand best universities in the world, in 2019, AGH UST was classified within the rank range 601–700, taking first place among Polish technical universities, and third place in the general classification of Polish schools of higher education.

# 95%

of AGH UST graduates take up a job within six months after graduating from the university, or they continue to further their studies

## IN THE HEART OF EUROPE

The AGH UST Campus is located in the centre of Krakow, and within its boundaries there is the largest in Poland – AGH UST Student Campus. Modern buildings, an open-air gallery of sculptures and rocks, installations and exhibits connected with the research activity of faculties, objects of street furniture, and green areas in unique arrangements – all of them extremely beautiful and fascinating.

The university campus is an area of

# 38

 hectares

5 basic organisational units of AGH UST with the highest scientific category in Poland – category A+

# A+

The educational offer encompasses over 60 fields of study, offered by 16 faculties. The university also offers education in the doctoral school, and over 100 postgraduate programmes. At AGH UST, within the framework of second cycle programmes, there are also 17 fields of study offered in English.
